Drop into Channel Heritage Centre. or The Brookfield Shed

Margate was gazetted a township on 3rd July 1866.

The township is celebrating their sequential birthday between 25 June and 3rd July. 2016

In Julie Gardhams recent book “From North West Bay to Margate,” launched in April a quote from the Mercury in May 1875 stated *“Now Margate is a very poor township. It possesses no industry, its land is patchy and often worthless, there are no wealthy residents to give tone to the place.. Margate is the poorest of poor places and unless capital can be tempted to the spot, which is doubtful, I fear it will never know prosperity.”*

Well that has certainly been proven wrong. Look what Margate is today. A vibrant Town with lots of buzzing cafes. It is the Gateway to the Channel Area. The home of thousands of people who want to live with the benefits of the city but enjoy a rural atmosphere.

Please nominate the family or person you think has made a significant contribution to Margate.

The Lions Club of Kingborough will be holding a presentation afternoon tea on 2nd July at the Kingborough Bowls and Community Club. It will be a relaxed informative catch up afternoon for the recipients and their families.

A slide show will be running of the recipients with their photos and stories throughout the afternoon.

If your nomination is successful we will inform you in writing along with an invitation to the afternoon tea.
